WCA MEMBER BUSINESS CARD

WCA Time Critical Member

**WCA Time Critical is home to the world's finest independent freight forwarders working in international time sensitive logistics. All members have demonstrated the capability to handle customised logistics solutions on behalf of clients that require rapid and reliable services.**

The members in The WCA Time Critical have dedicated personnel who are fully conversant in the special handling of time critical movements and can provide professional, consistent services in the management of critical logistics solutions.

All WCA Time Critical members have special relationships within the transport industry ensuring reliable, trouble-free services that guarantee time-definite procedures. In most countries, our partners arrange priority freight and document cut-off times with the carriers. They also provide extended booking windows with a solid carrier-recovery commitment.

# 100% validated

WCA Time Critical Members are 100% validated and offer a full range of services and dedicated resources whether for air, ocean or road movements - with superior conditions in handling time critical commodities, full distribution and high end facilities. The group works to maintain its full validation status by requiring all new members to adhere to strict standards when joining the group.
